

Water Committee Meeting February 25, 2025

Meeting called to order by Mayor Steve Wood at 6:00 PM

Roll Call: Present- Mayor Wood, June Rushing, Tim Wood, Sheryl Scherrer

-Saline Valley is raising their rates, again. It will be a 12% raise. The city needs to raise the minimum water bill \$1.00.

-The sewer jetter was paid out of the sewer account to cut down on the costs of hiring contract labor

-Water meters were paid out of the water fund. We have saved over 1,000,000 gallons of unaccounted-for water.

-We have by far the cheapest water and sewer rates. Due to Saline Valley raises over the last 3 years, we need to raise rates from \$4.24 to \$6.00 for each 1,000 gallons over 2,000 gallons used for water and from \$1.21 to \$2.50 for each 1,000 gallons over 2,000 gallons for sewer. The base rate will change from \$10.50 to \$11.50.

-Meeting adjourned at 6:20 PM
